It is important to start your solo if you are planning to compete at our first competition. Most solos are not completed over the summer but **it is the best head start to be fully prepared** for our first competition. In the event your solo is not completed. It will be completed in the fall by the teacher you signed up for fall privates with. Duos/Trios may start in the summer to get a head start as well.

Looking for technique privates? You may also sign up for technique privates as well.

If you have any additional questions please email us.

Please keep in mind your registration fee/access pass must be paid in full at the time of registration in order to hold your place in class as well as your weekly solo time slot.
